

TIP SADRŽAJA I TIP LICENCE

Milica Ševkušić
Institut tehničkih nauka SANU

Tribina „Creative Commons – kreativnost i društvo znanja”
Galerija Petra Dobrovića / 25. jun 2014.

Kako izabrati Creative Commons licencu?

- Upoznati se sa uslovima licenci
http://creativecommons.org.rs/?page_id=74, http://creativecommons.org.rs/?page_id=38
- Proveriti da li izdavač/servis određuje ili na bilo koji način ograničava izbor licence
- Odgovoriti na dva pitanja:
Šta želim da dopustim potencijalnim korisnicima?
Šta NE želim da dopustim potencijalnim korisnicima?
- Proveriti postojeće prakse i preporuke vezane za licenciranje određenih tipova sadržaja
- Pitati bibliotekara
- Pitati advokata

MOST FREE

LICENSES

ATTRIBUTION

CC BY

This license lets you distribute, remix, tweak, and build upon the original work, even commercially, as long as you credit the original creation. This is the most accommodating of licenses offered.

ATTRIBUTION-SHAREALIKE

CC BY-SA

This license lets you remix, tweak, and build upon the original work even for commercial purposes, as long as you credit the original work and license your new creations under the identical terms. This license is often compared to "copyleft" free and open source software licenses. All new works based on the work should carry the same license, so any derivatives will also allow commercial use. This is the license used by Wikipedia.

ATTRIBUTION-NODERIVS

CC BY-ND

This license allows for redistribution, commercial and non-commercial, as long as it is passed along unchanged and in whole, with credit to the original work.

ATTRIBUTION-NONCOMMERCIAL

CC BY-NC

This license lets you remix, tweak, and build upon the original work non-commercially. Your new works must be non-commercial and acknowledge the original work, but you don't have to license your derivative works on the same terms.

ATTRIBUTION-NONCOMMERCIAL-SHAREALIKE

CC BY-NC-SA

This license lets you remix, tweak, and build upon the original work non-commercially, as long as you credit the original work and license your new creations under the identical terms.

ATTRIBUTION-NONCOMMERCIAL-NODERIVS

CC BY-NC-ND

This license is the most restrictive of the six main licenses, only allowing you to download the original work and share it with others as long as you credit the original work. You can't change the original work in any way or use it commercially.

CC-BY-NC-SA – 45.380

CC-BY-NC-ND – 23.676

CC-BY-SA – 1

CC-BY-ND – 1

Digitalni repozitoriji

- Koriste se različiti tipovi licenci (Creative Commons, Open Data Commons, Digital Peer Publishing Licences)
- Korisnici najčešće sami biraju pod kojim uslovima će deponovati sadržaj
- arXiv ograničava izbor licenci: autori mogu da biraju između CC-BY i CC-BY-NC-SA licenci
- cIRcle – digitalni repozitorijum Univerziteta Britanske Kolumbije koristi poseban tip licence (cIRcle Non-exclusive Distribution License), koji odgovara uslovima CC-BY-NC-ND; korisnici se mogu odlučiti i za drugi tip licence

Zaključak

- CC0 licenca se sve češće koristi za metapodatke i skupove podataka
- kod umetničkih sadržaja autori često ne dopuštaju komercijalnu upotrebu
- eksperimentalni radovi su češće zaštićeni manje restriktivnim licencama
- kod naučnih radova češće se insistira na uslovima „nekomercijalno“ i „bez prerada“
- pomoćni naučni sadržaji (skupovi podataka tabele, grafički prilozi) sve češće su zaštićeni manje restriktivnim licencama
- finansijeri naučnih istraživanja i izdavači sve češće nameću manje restriktivne tipove licenci
