

NAUČNOM VEĆU
INSTITUTA TEHNIČKIH NAUKA SANU
BEOGRAD

MOLBA

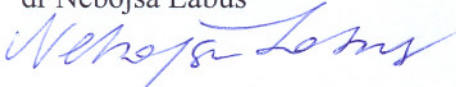

Molim naučno veće Instituta tehničkih nauka SANU da u skladu sa Pravilnikom o postupku i načinu vrednovanja i kvantitativnom iskazivanju naučnoistraživačkih rezultata istraživanja (Pravilnik donesen na osnovu člana 14. stava 1. tačka 8. i člana 70. stava 8. i 9. Zakona o naučnoistraživačkoj delatnosti („Službeni glasnik RS”, br. 110/05 i 50/06-ispravka)) pokrene postupak za moj izbor u zvanje naučni saradnik.

U prilogu Vam dostavljam:

1. Biografiju
2. Bibliografiju
3. Citiranost

Sa poštovanjem,

dr Nebojša Labus

Istraživač saradnik Instituta tehničkih nauka SANU

Beograd, 16. 01. 2012.

Nebojša Labus, Biografski podaci

Nebojša Labus rođen je 21.01.1967. godine u Novom Sadu. Osnovnu i srednju školu završio je u Beogradu. Diplomirao je na Fakultetu za fizičku hemiju u Beogradu 1999. godine. Postdiplomske studije upisao je 2000. godine na Tehničkom fakultetu u Čačku, gde je sa uspehom položio sve ispite sa srednjom ocenom 9,43 i potom 2005. godine odbranio magistarsku tezu pod naslovom «Uticaj mehaničke aktivacije na sintezu cink-metatitanta». Doktorska disertacija Nebojše Labusa pod naslovom „Sinterovanje i svojstva sinterovanog $ZnTiO_3$ “ odbranjena 23.12.2011. godine na Fakultetu za fizičku hemiju.

Zaposlen je u institutu tehničkih nauka Srpske akademije nauka i umetnosti kao istraživač-saradnik. Bavi se istraživanjima u oblasti nauke o materijalima, pri čemu posebno sistemom $ZnO-TiO_2$ (sinterovanje, kinetika i reakcija u čvrstoj fazi, zavisnost svojstava materijala od svih nivoa strukture). Rezultati koje je postigao u toku istraživanja predstavljaju doprinos nauci o materijalima i posebno teoriji i tehnologiji sinterovanja.
