Digital Repository of the Institute of Technical Sciences of SASA

The Digital Repository of the Institute of Technical Sciences of SASA has been established to provide open, online access to the results of the Institute's research, to preserve these works for future generations, to promote new models of scholarly communication, and to help deepen community understanding of the value of science.

If you want to search for documents choose the menu "Search" where you will find several search options. If you want to publish a document, please select the menu "Publish"; here you can submit your document to the publication server in just a few steps.
